Sir,

Sub:- Grants - Equipment for new Muslim High School, Bella for 1946-47 - Orders - For adjustment of.

Ref:- G.O.No.Ms.690 Edn. dated 1-4-1946.

The Government in their order referred to have sanctioned a non-recurring subsidy of Rs.24,000/- to this Municipal Council towards the ful l cost of the initial equipment to be purchased for the school. Tenders were called for and orders were placed for the supply of furniture. As for articles required for laboratories and Manual Training quotations have been called for. As it will take much time to make selections from quotations, I have proposed to depute a Science teacher to make the purchases with due regard to the quality and prices of materials.

I therefore request that the entire grant may be ordered to be placed at the disposal of the Council so as to enable me to draw the amount and make payments to the Suppliers and Contractors in time.

The financial position of the Council is not such as to enable it t pay the Suppliers and Contractors in the first instance and claim the g rant later. As the school is suffering for want of equipment, I request very early orders in the m [illegible]

Cro 341/46. From the Commissioner Bellary Municipality R.C. C.1 2725/46 dt 27.7.46 & 30.11.46

From the DPI R.C. no 2013 G.2/46 dt 20.12.46

In Go. no 690 Edu dated 1.4.46, the Govt sanctioned a non-recurring subsidy of Rs 24,000 towards the full cost of the initial equipment to be purchased for the newly opened Muslim High School in 1946-7. and directed that the Commissioner should apply for the payment of the subsidy after the equipment is purchased as it is usual to sanction the subsidy on the post payment system. The Commissioner of the Bellary Municipality now reports that orders have been placed for the furniture and the supply has been received and that the headmaster has been permitted to place orders for the library books, charts maps etc for the School. He states that unless the subsidy is paid in advance, it will not be possible for him to place orders for the laboratory equipment & requests that the subsidy may be sanctioned without delay as the Council has not got funds to incur the expenditure & then claim the subsidy due from Govt.

2 As the municipal Council has not so far succeeded in securing suitable separate accommodation for the newly opened Muslim High School and has not also employed qualified d.T.s, the DPI has recommended that Forms V & VI may be closed & the students transferred to the General School and that the Muslim School should be allowed to have Form IV

2 Budget I

only. The Commissioner has been asked to furnish certain information in this connection & this reply is awaited. It is not possible to close the higher forms in the middle of the year and if satisfactory arrangements are not made for the proper working of the School, the School may be permitted to function with Form IV only from the next School year or it may be converted into a middle School. As it is reported that the furniture has already been purchased & that the Council has not got funds to make payment, a subsidy of Rs 10000 may be paid to the Council in advance towards the purchase of equipment as a special case subject to the condition that the amount should not be utilised for any other purpose & that necessary vouchers in support of the expenditure should be submitted to the DPI for scrutiny. The estimated cost of furniture as per orders placed for maps, charts and Reading books is Rs 3. The remarks of L-A & Finance may be invited.

Please see the DP's letter on p 9 of. The cost of articles of furniture already purchased amounts to Rs 9245. If the sum of Rs 670 representing the cost of the articles which are considered to be surplus to the requirements if the school is to function up to IV th Form only is excluded, the cost which can be taken into account for purposes of payment of subsidy works out to Rs 8575. A subsidy of ~~one-half~~ ⅓ of this amount may be sanctioned. ✱ para 2 on p 33 q (c).
no provision has been made in the budget for 1947-8 for this purpose. The expenditure may be met from the appropriation of Rs 72,300 made for payment of subsidies for the purchase of equipment to certain DC Bds & municipal Councils and additional funds may be provided by reappropriation at the end of the year if the provision 115

is found to be insufficient.

2. The Commissioner, Bellary Municipality has reported that laboratory articles and equipment costing Rs 9500 and books, maps etc costing about Rs 650 are required even if the school is to function upto Form only and requests permission to purchase them before the school reopens in June 1947. The DPI has not offered any remarks on this request. There is proposal to locate the school temporarily in the Military barracks at Bellary and if the Comnl agrees to the conditions stipulated by the P.W.D, the problem of accommodation for the school will be solved and it will be possible to provide a laboratory. The DPI may therefore be asked to offer his remarks on the Commissioner's request.

The D.P.I has estimated the required sum for books at Rs 650 and the Municipal Council has agreed to meet the expenditure of Rs 350/- under this head. We may therefore sanction the sum of Rs 350
